Company Profile

With over 15-year experience in medical device market, All Trusted Medical provides turnkey solutions for new hospital setting-up, NGO's medical projects, and mobile clinic solutions. As a bridge for the One Belt One Road Initiative, we link up supply chains for overseas customers with our rich domestic market resources in medical equipment. Our mission is to provide high standard products with affordable prices to developing countries, particularly suburban areas.

For now, we have accomplished high standard projects funded by World Bank, Philips Foundation and Rotary Club. By working closely with oversea partners, we are capable of fulfilling projects under Ministry of Health in several regions globally.
